

Water Cooled Electric 20kw Perkins Diesel Generator Set Low Noise Level 75dBA

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Minlong

Product Specification

- Power Output: 1000kW
- Voltage: 400V
- Cooling System: Water Cooled
- Fuel Type: Diesel
- Frequency: 50Hz
- Engine Brand: Perkins
- Control System: Automatic
- Fuel Tank Capacity: 1000L
- Highlight: **Water Cooled Perkins Diesel Generator Set,
Low Noise Perkins Diesel Generator Set,
perkins 20kw diesel generator**

Product Description

Product Description:

Advanced Diesel Electric Generator from Perkins

This Perkins Diesel Generator is a powerful and reliable high output diesel generator. Its advanced electric starting system ensures a smooth and fast start-up. It has a large 1000L fuel tank capacity to provide the power and energy you need when you need it. With a weight of 3000kg, it is also highly portable and easy to install. Perkins Diesel Generator offers a 1-year warranty and is guaranteed to provide high performance and efficiency. With Perkins Diesel Generator, you are sure to get the reliable and efficient power source you need for your business or home.

Features:

Product Name: **High Output Diesel Generator, Perkins Diesel Generator, Advanced Diesel Electric Generator**

Starting System: **Electric**

Control System: **Automatic**

Noise Level: **75dBA**

Power Output: **1000kW**

Engine Brand: **Perkins**

Technical Parameters:

Parameter	Specification
Noise Level	75dBA
Warranty	1 Year
Frequency	50Hz
Speed	1500rpm
Fuel Tank Capacity	1000L
Weight	3000kg
Voltage	400V
Engine Brand	Perkins
Fuel Type	Diesel
Control System	Automatic
Product	Advanced Diesel Electric Generator, High Output Perkins Diesel Generator

Applications:

Minlong Perkins Diesel Generators are the perfect choice for a variety of heavy-duty applications. Featuring advanced diesel electric generator technology and a robust 1,500rpm speed, Minlong's Perkins Diesel Generators are able to consistently deliver up to 1,000kW of power. Its reliable and efficient performance makes the Perkins Diesel Generator suitable for a wide range of industries, from construction to manufacturing. It is also powered by a diesel fuel type, which is more economical and efficient than gasoline. Moreover, Minlong's Perkins Diesel Generator is manufactured with a 50Hz frequency and includes a one-year warranty, providing customers with peace of mind.

Customization:

Support and Services:

Perkins Diesel Generator Technical Support and Service

Perkins provides comprehensive technical support and service for its diesel generators. Our team of experienced technicians is available to help you troubleshoot any problems you may have. We offer a variety of services, including:

Remote troubleshooting and diagnostics

On-site repair and maintenance services

Frequent generator performance checks

Parts replacement and upgrades

Our technicians are well-versed in the latest diesel engine technologies, and we can help you optimize your generator for maximum efficiency and reliability. We are committed to providing outstanding customer service and ensuring your satisfaction.

Packing and Shipping:

Perkins Diesel Generator Packaging and Shipping

Perkins Diesel Generators are packed in bulk and shipped as a unit for maximum protection and efficiency. All components are securely attached to the frame to ensure that they arrive in perfect condition. The generator is then placed in a wooden crate and surrounded with a foam cushioning material to absorb any shocks or vibrations during transit.

The crate is then sealed with a weather-resistant sealant to protect the generator from water and dust. The entire generator is then strapped to a pallet to ensure it is secured during loading and unloading. The pallet is then loaded onto a truck or trailer for transport to the customer's location.

For international shipping, the generator is secured in a wooden container and then loaded onto a ship for transport to the destination country. The container is then opened and the generator is unloaded and made ready for use.

FAQ:

Q:What is the Brand Name of Perkins Diesel Generator?

A:The Brand Name is Minlong.

Q:Where is this Perkins Diesel Generator produced?

A:It is produced in China.

Q:What types of Perkins Diesel Generator are available?

A:We offer Perkins Diesel Generator models in a variety of sizes to meet a range of power needs.

Q:How long is the warranty for Perkins Diesel Generator?

A:The warranty period depends on the model. Please contact our customer service for more details.

Q:How quickly can I get a Perkins Diesel Generator?

A:We can ship a Perkins Diesel Generator within 1-2 days after the order is processed.
